PROFESSIONAL CURRICULUM

Sérgio Paulo Perrucci de Aquino is a lawyer, a company administrator and a graduate of Santos Catholic University, who is currently studying at USP (Sao Paulo University) to receive his master degree in Port modernization and information technology.

While Director of SPA (Applied Port Solutions) a consult and assessor company founded in 2001, Sérgio became a specialist in Strategic Planning and Financial and Economic Planning through the Open University of New York.

Aquino had a 26 year career at a Private Port Terminal and at the company that manages the Port of Santos. A Member of CAP (Port Authority Council of Santo's Port) since 1998, Sérgio became its president between 2007 and 2012. Sérgio was also the city secretary of Port Business between 2005 and 2012 - the first secretary of a city with a port in Brazil.

He was also the founder and director of BALT (Brazilian Association of Liquid Terminals) director of BAPT (Brazilian Association of Port Terminals) and director of CAS (Commercial Association of Santos). He has participated in many delegations of the Brazilian government and private companies visiting international ports around the world. Sérgio is a speaker guest at many national and international seminars.
